

Interested in owning your own business?

# Become a Home-Based Child Care Provider

The Alliance Child Care Entrepreneurship Program is a short-term training program to help you:

- ✓ Become a licensed child care provider
- ✓ Register your child care business
- ✓ List and market your child care business

**Applicant requirements:** Must be 21 years or older, have a valid photo ID; social security card, live within the city of Houston and have the ability to pass a background check.

## Ngoc Ho, owner of Dino Land Academy

The Alliance has a really helpful, enthusiastic, and dedicated team. At the beginning, I felt very uncertain about what I was doing, but the staff helped me a lot. They encouraged me when I did not know what to do... They called and checked in on me, and helped me solve any challenges I was facing.

Ngoc came to The Alliance with a dream to open up her own business. With support from our team, she recently reached that goal and opened her own child care business to provide a healthy, high-quality learning environment for children.
